OFFICE OF
PREVENTION, PESTICIDES
AND TOXIC SUBSTANCES

John Wiegand
Vice President, Research and Development
Canberra Corporation
3610 Holland-Sylvania Rd.
Toledo, OH 43615

Subject: Product Name: Thick and Clinging Formula Husky T/C Bowl/Tile/Porcelain cleaner
EPA Registration No.: 8155-07
Application Date: June 6, 2008
Receipt Date: June 24, 2008

Dear Mr. Wiegand,

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable.

Proposed Amendment

- Label Amendment

Labeling Comments

1. The EPA encourages registrants to include a company telephone number or toll-free hotline number for emergency information in the first aid section of each label. If a number is to be included it should be accompanied by a phrase or statement indicating the kinds of information the number should be used for and the hours of service. For example: *Have the product container or label with you when calling a poison control center or doctor or going for treatment. For emergency information on [product, usage, etc.], call [1-XXX-XXX-XXXX] Monday through Friday Xam to Xpm. After Xpm call your poison control center at 1-800-222-1222.*
If you do not have your own number, you may use the **National Pesticides Information Center (NPIC) 800 number**. If you choose to use this number, the section should read as follows:

"Have the product container or label with you when calling a poison control center, doctor, or going for treatment. For emergency information concerning this

product, call the National Pesticides Information Center (NPIC) at 1-800-858-7378 seven days a week, 6:30am to 4:30pm Pacific Time. (NPIC website: www.npic.orst.edu)

Please note the Agency prefers the hotline/emergency information be placed below the first aid statement.

General Comments

Submit three copies of the final printed label including the above revisions. A copy of the label will be stamped and returned to you.

The Agency is moving away from a review of paper submitted registration applications toward electronically submitted applications. We need your help to make this an efficient and convenient process for both you and the Antimicrobials Division. Accordingly, we are asking you to submit future labeling amendments for this product via our electronic labeling process. Refer to the following website for guidance on electronic submissions, including labeling and label amendments:

http://www.epa.gov/oppfead1/esr_guidance.htm#overallsub. If you have questions concerning electronic labeling, a list of contacts is available at the following site: <http://www.epa.gov/oppfead1/eds/edsgoals.htm#contacts>.

Should you have any questions or comments concerning this letter, please contact me by telephone at (703) 308-6422 or email at heyward.adam@epa.gov between the hours of 7:00am and 4:00pm EST. When submitting information or data in response to this letter, a copy of this letter should accompany the submission to facilitate processing.

Sincerely,

Adam Heyward
Product Manager (34)

KEEP OUT OF REACH OF CHILDREN

DANGER: See back panel for first aid and additional precaution.

Net Contents: One Quart (32 Fl. Oz.) 946ml

EPA Reg. No. 8155-7

EPA Est. 8155-OH-1

Back Panel

A mild all purpose cleaner that combines detergent and wetting agents coupled with a phosphoric acid base. Eliminates rust, lime, organic deposits and offensive odors from wash basins, bathtubs, shower stalls, drinking fountains, glazed tile, porcelain enamel, toilet bowls and urinals. When used as directed product demonstrates effective disinfection against Staphylococcus aureus and Salmonella choleraesuis. Efficacy tests have demonstrated it to be an effective one-step bowl/tile/porcelain cleaner-disinfectant in the presence of organic soil of 5% serum load for a contact time of 10 minutes, 20°C. Recommended for use in *(homes), (households), (schools), (manufacturing plants), (public restrooms)*, commercial or industrial buildings, hotels and motels.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

TO CLEAN AND DISINFECT

Toilet Bowls - Remove water from bowl by forcing over trap with applicator. Remove excess water from applicator by pressing it against side of bowl. Pour 1 ounce on applicator. Clean entire unit, especially under the rim at water outlets. Allow to remain 10 minutes. Flush and rinse out applicator. **Urinals** - Pour 1 ounce onto mop and apply or squirt directly onto surface. Allow to remain 10 minutes. Flush and rinse out applicator.

A preliminary cleaning is necessary for the removal of gross filth prior to disinfection.

To Clean - wash basins, bathtubs, shower stalls, drinking fountains, tile, porcelain enamel, and stainless steel, always dilute with 3 parts water. Do not allow solution to remain on fixtures without immediately thoroughly rinsing with water.

PRECAUTIONARY STATEMENTS

Hazards to Humans

DANGER: Corrosive. Causes irreversible eye damage or skin burns. Harmful if swallowed or absorbed through skin or inhaled. Do not get in eyes, on skin or on clothing. Avoid breathing spray mist. Wear goggles or face shield. Wear protective clothing and rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Note to Reveiwer - Copy in parentheses is optional marketing information. Italicized is new copy.

June 6, 2008 Amendment 8155-7 Compliance with FR Notice of 8/16/2006 (Amended 40 CFR 156.140)

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth to an unconscious person. Call a poison control center or doctor for further treatment advice.

Note to physician: Probable mucosal damage may contraindicate the use of gastric lavage.

Chemical Hazard - Do not use on any surface that can be damaged by acidic materials. Many surfaces are not resistant to acid. Never use or mix with bleach or other cleaners or chemicals.

STORAGE AND DISPOSAL: Store in an area inaccessible to children. Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. Otherwise, wrap empty container in plastic bag and discard in trash. Keep from freezing.

(For Industrial and Institutional Use Only) LOT CODE Designating Batch

FOR CONTAINERS OVER 1 GALLON:

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal. Store in an area inaccessible to children. Keep from freezing.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray, or mixture of rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label directions, contact your State Pesticide or Environmental Control Agency, or the hazardous waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. Triple rinse container (or equivalent) promptly after emptying. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerate, or if allowed by state and local authorities, burn. If burned, stay out of smoke.

FOR CONTAINERS OVER 5 GALLONS:

ENVIRONMENTAL HAZARD Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System(NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
